Fish and Game Commission Adopts 2014 Big-Game Tag Quotas

Media Contacts: Stuart Itoga, CDFW Wildlife Branch, [\(916\) 445-3642](tel:9164453642) Janice Mackey, CDFW Communications, [\(916\) 322-8908](tel:9163228908) The California Fish and Game Commission (FGC) finalized big-game tag quotas at their April 15 meeting in Ventura. A total of 204,337 deer, 316 elk, 200 pronghorn antelope and 14 bighorn sheep tags were approved for distribution to California's hunters [...]

Tag Applications Have to be in F&W License Office by June 2nd -----Next Monday.

If you are not able to hold in your hand a 2014 Hunting Digest prior to applying for your tags, write a letter to CA. Fish & Game Commission and the Department of Fish & Wildlife voicing your

disapproval, Send copies to your elected officials in State Government also. Only with enough complaints will government once again serve the citizens. Both the Department and Commission know well in advance dates for drawings and all their meetings so they have no excuse for you not having your information in hand.

ALSO JUNE 3RD IS OUR ELECTION DAY, PLEASE BE SURE TO VOTE, FOR YOUR CHOICE OF CANDIDATES RUNNING FOR OFFICE AND THE PROPOSITIONS.

Email Note from President following the Memorial Day weekend of work, some shooting & camping at the range: Several people were at the range over the weekend. We got a good start on the animal repair and some trail maintenance completed. We will be there again Saturday (possibly Friday too), if you can make it up there.

Editor Thoughts:

Yes I believe I have finally learned another lesson with this computer, HOW TO EMAIL NEWSLETTERS TO EMAIL ADDRESSES AND HAVE THEM RECEIVED IN A READABLE FORMAT ON A PDF FILE READ WITH ADOBE READER, WHICH MOST OF US HAVE FOR FREE ON COMPUTERS ALREADY. Thus I would again ask our membership to send me and keep me updated with your current email address. Then I will put you on our email Newsletter list which is twelve presently, and it will save you a dues raise hopefully in the future as a member of Cougar Mt. Archers. Getting Newsletters email saves your organizations from printing and mailing costs, plus is faster than snail mail, does not get destroyed by postal machinery, and is in color when color is used or photos included. In the past six months I have had 2 newsletters returned marked bad address, when member was phoned it was correct, next month they received it with same address. Last month got 2 back where address numbers were changed but at same post office zip code. Please keep your information Current not only for me your editor of Cougar Mt. News but all your connections you value. Address, Phones, Email. I as you editor forward to other officers so President, Secretary and Treasure, have current information and are able to contact you if needed also. If you are hiding let us know not to put unwanted contact information out, so we are able to help you hide from the world. Joe
