### **CLUB MEETING:**

Next meeting will be November 1<sup>st</sup> at Mountain Mikes Pizza in Oroville. Hope to see a great turn out of membership for food and meeting. Our November meeting reopens nominations followed by election process of next years Officers. (Read October minutes to see if you were nominated, and attend to throw your hat in the ring if your name is not listed.) Remember it is every members sport and club, not just a few who desire to improve our form of recreation.

### **PRESIDENT'S NOTE:**

Happy fall to all!! I hope to see everyone at the next meeting. This could be your year to gain some great life experience as a board member for a non-profit. I am reasonably certain the race for the Cougar Mountain Archers presidency and cabinet positions will be less of a race to the bottom than our national election.

### **2016 ARCHERY ACTIVITIES TO ATTEND:**

11/6 Maya's annual Stick Bow Shoot, If you have not shoot it. Put on your calendar for a fun day.

11/12 Bowhunters Unlimited, Turkey Shoot, 28 targets unmarked.

11/20 Straight Arrow Bowhunters, Turkey Shoot

11/20 Nevada County Sportsman, Turkey 3D 28 targets marked

12/4 Maya Archers, Toys 4 Tots, 14 Paper Targets

**For Tournament Flyers & Registration Forms, check Club Websites.**

### **ARCHERY NEWS: Per Associated Press and CBH/SAA News.**

At the NFAA Outdoor National Target Championship in Yankton, SD in September a Lady Archer shot the top score for a first time record. Paige Gore of California recorded a 2 day total of 1418 points, beating out the high score of men by 6 points. Round shot was the 900 Target. (So ladies bow poundage does not win tournaments nor harvest game. Shooting form, mindset, steady hand and eye coordination does.)

3. Leg Report: Joe read what Gaines & Assoc. sent to CBH, the following information of a new committee for Fish & Wildlife, on predator management. The following is their information on the committee.

***It comes as no surprise that the Center for Biological Diversity, The Humane Society of the United States and Project Coyote have released a consensus proposal that includes - among many other things - bag limits on non-game species, a ban on archery hunting for bears, and what equates to a full prohibition on the use of dogs for pursuing mammals.***

Gaines stated; The writing is on the wall that we have serious battles ahead of us.

There being no further business the meeting was closed at 7:35 P.M.

### **2016 Harvest photos:**

Member Donovan Currey shot this Montana Mule Deer Doe on a hunt with Jim Clawson who also harvested a Doe but did not have camera, so only meat in freezer no photos for family album.

Others in our club family were also successful, just never got hunt information or photos. Plus some are still pursuing big game out of state, in addition our bird seasons are just beginning to keep you in the field with family, friends, your hunting dogs and nature.

Russell Flores description of X6b rifle hunt, Opening day 420 yards, rifle 300 ultra mag. 3 miles into a 4 mile hunt my buddy jumped a group of bucks and I was able to get the biggest one. First shot missed, second shot hit, ten minutes later he reappeared, fourth shot put him down. Our group went 5 for 5 on bucks this year.

### **VOTE YOUR PERSONAL CHOICES IN UPCOMING NATIONAL ELECTION.**

Yes many do not like the choices, but one will be elected, so vote your heart. Has the past 8 years made you happy, or are you more conservative than our country is heading. Vote your principals in life, not the candidate. Also our ballots contain many city, county and state issues, which will control you in future years. Editor Joe
