CLUB MEETING:

May 3rd 7:00PM at Mountain Mike Pizza in Oroville Shopping Center 1901 Oro Dam Blvd will be our next meeting. Come early and enjoy some dinner with other members, catch up on latest archery activity news stories.

PRESIDENT'S NOTE:

This year we have decided to not have work parties in April... However, I am hoping to please have a good turnout on May 14th & 28th to make up for April. Please find the attached "to do" list in case you are not able to make the official work party dates. Thank you in advance for donating a few days to help out."

Information concerning Activities of our US House Representative Doug LaMalfa.

April 24, 2016

Dear Joseph,

On Wednesday, the House Subcommittee on Water, Power and Oceans held a legislative hearing on three bills: [H.R. 1869](#), [H.R. 2993](#), and [H.R. 4582](#). I took this opportunity to question Deputy Assistant Secretary for Water and Science Tom Iseman and Senior Policy Analyst of Public Power Council Bo Downen about the problems many of my constituents face because of the Central Valley Project Improvement Act (CVPIA). Rather than pursuing impractical ideas like trucking salmon around the Shasta Dam, we need to update fishing regulations to address the predation of salmon by striped bass by allowing fishermen to increase their take of bass. When I posed the question to Secretary Iseman of what other proactive measures like this are being taken he had no response.

In this same hearing I questioned Mr. Downen about the need for transparency between federal power purchasers and energy providers. The environmental costs caused by the CVPIA have driven power prices for many constituents to twice the market rate. Many residents throughout my district have to pay these additional costs, but receive little information about how their money is spent. This needs to change.

Also this week, the House passed four commonsense bills to rein in the IRS and facilitate more accountability within the agency. Take a look at each by following these links, [H.R. 4885](#), [H.R. 1206](#), [H. Res. 673](#), and [H.R. 4903](#). These bills are another step towards keeping the IRS in check and ensuring that it functions as a government agency should, and helps to make our tax system more fair and transparent.

Sincerely,

RANGE PROJECTS:

Items needing to be completed for the range. Please include in the newsletter. Matt,

So when any of us are at the range and have extra time, please assist our tournament preparations by completing a project or two. Then would be nice to let Matt or range captain know it is done. Editor note

Editor Note: As am sure President Matt forgot to mention, It would be nice for every club family to bring at least one Raffle Gift to donate for our tournament Raffle many times the money raised from club raffles make up the small profit for the Tournament. The more and better raffle gifts offered increase sales of Raffle tickets.

CMA 2016 TOURNAMENT FLYER.....

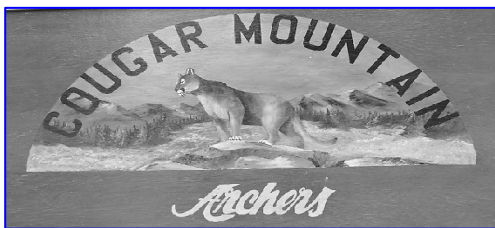

Note For Beginning Hunters: Editor Joe

In California beginning this year, the California Fish & Wildlife have moved into the Computer Age. All those desiring to begin hunting that must attend a Hunter or Bowhunter Education Class must use your Computer Website for California F&W/Hunter Education and register as a student, pick the class you desire to attend & complete the class then purchase your hunting license and choice of tag or bird stamps. Which will take some time to complete all requirements.

Thus please let any friends, family or people you know interested in joining our ranks of outdoor sportspeople know this months before a hunting trip is even considered. Also remember our non-lead ammo is coming closer to being totally outlawed in California for hunting. H.Ed. Instructors were informed last Saturday next step will be banning of all small game hunting use of lead.

MORE GOVERNMENT NEEDS FOR EACH OF US:

Remember, make sure you are a registered Voter & Vote in our June Primary Elections. Per California Rifle & Pistol Association, 2016 is headed as worst year yet for Outdoor Recreations Future Privileges that we enjoy.
